Any kind of bullying can affect the kid(persons) mental health, too much bullying can make a person drown in anxiety and depression.

This has become a serious problem of the church and the DEPed or school administration to the point that they couldn't think of a solution in this serious problem. Jealousy in romantic situations is more dangerous than jealousy in work because the person that is jealous will do anything to keep you away from the person she loves and might trigger a psychopathic state that could lead to danger or death. Bullying is an issue that many students deal with on a daily basis. This includes both sides, the bullied and the bullies. The bullied may be the victim and who needs more attention but the bullies also need support because they may have an underlying reason why they bully their fellow man.

There are various types of bullying; physical bullying, verbal bullying, psychological bullying and cyberbullying. Bullying can happen at any stage of life.

Knowing that bullying is always happening on a daily basis, educators and parents should also participate in making sure to prevent and stop bullying. If the educator or parent notices bullying inside a room or anywhere, he/she needs to immediately stop it and inform it to the appropriate personnel for them to have a talk with the involved students together with their parents, in order for them to be aware about the kid's situation. We, together with my fellow youth council, will take action not by punishing but by proper counseling. It is everyone's duty to preach to the childrens that bullying is wrong.

Conclusion

In conclusion a lot of people, even students, teachers, parents were against bullying. That's why we need to stop Bullying to have a simple peace. To put bullying to an end we must simply give attention to our students, childrens, and our classmates itself because bullying exist because of lack of attention and parental control. You should let them feel what the word LOVE is.

Prayer

In the name of the Father, and of the son, and of the holy spirit. Amen

Heavenly Father you may always bless us, you may bless those people who are suffering from bullying, anxiety, depression, you may forgive those people who bully you, let them guide into the right path so that they can't bully anymore. Please keep us all safe, Amen.
